The purpose of this publication is to provide general gift information. It is not intended as legal or other professional advice.

Beginning our second century, the American Lung Association is the leading organization working to prevent lung disease and promote lung health. Lung disease death rates continue to increase while other major causes of death have declined.

The American Lung Association fights lung disease and promotes lung health through advocacy, research and education. With your generous support, the American Lung Association is "Improving life, one breath at a time."

Improving Life, One Breath at a Time

American Lung Association Emily Bissell Heritage Society

Charitable Gift Annuity

Emily Bissell Heritage Society

“Though we take things
as we find them, we can
always leave them better.”

*Emily Bissell, founding leader of what is
today the American Lung Association and
creator of the first Christmas Seal.*

*I*n the late 1800s, tuberculosis (TB) was the most feared disease in the world. Emily Bissell found a creative way, Christmas Seals®, to raise money to “Stamp Out Tuberculosis” that still supports the American Lung Association today. Thanks to the generosity of friends like you, a cure for TB was found. This groundwork led the American Lung Association to expand its efforts to include all lung diseases. Our mission is to prevent lung disease and promote lung health. It remains as strong today as it did generations ago, when Emily Bissell began her crusade.

The American Lung Association has long funded vital research on the causes of and treatments for lung disease. We are the foremost defender of the Clean Air Act and laws that protect citizens from secondhand smoke. The Lung Association also teaches children the dangers of tobacco use and helps teenage and adult smokers overcome addiction. We educate children and adults living with lung diseases on managing their condition. With the generous support of the public, the American Lung Association is “Improving life, one breath at a time.”

Keeping the Vision Alive

By establishing a Charitable Gift Annuity with the American Lung Association, you keep Emily Bissell’s vision alive by helping those who suffer from lung disease today and stopping the spread of lung disease tomorrow.

A Charitable Gift Annuity with the American Lung Association provides the following benefits:

- You support the efforts of the oldest voluntary health agency in the United States.
- You receive fixed, guaranteed payments for life paid annually, semi-annually, quarterly or monthly.
- You receive an immediate charitable income tax deduction, if you itemize.
- You can minimize capital gains tax if the gift is made with appreciated securities.
- You become a member of the Emily Bissell Heritage Society.
